

THE CYPRUS INSTITUTE OF
NEUROLOGY & GENETICS

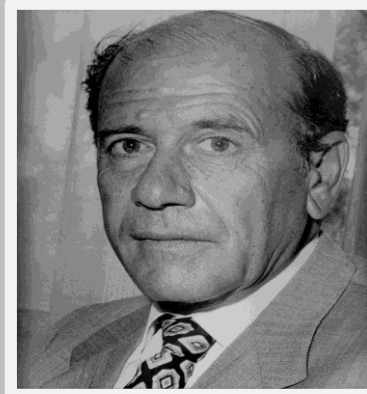

*The Cyprus Institute of Neurology & Genetics
invites you to a lecture in memory of
Dr Andreas Mikellides*

ALZHEIMER'S DISEASE AND GEROSCIENCE

SPEAKER: **Bruno VELLAS, MD, PhD**

Biographical sketch

Bruno Vellas is the chair of the Gérontopôle & Department of Geriatric Internal Medicine at the Toulouse University Hospital and is member of INSERM UMR 1295. He studied medicine in Toulouse and received the degree of Doctor of Medicine in 1987 and a PhD in Physiopathology in 1990. He had doctoral training in nutrition and aging at the University of New Mexico, USA, Clinical Nutrition Lab, School of Medicine from 1987 to 1988. His main interests are: development of aging, prevention of Alzheimer's disease, frailty, and geriatric clinical research and care. His research and care activities have been supported by several European, national and international research grants. He is the founder of the Gérontopôle to develop innovation and research for older adults. He is the author and co-author of more than 1000 publications in peer-reviewed journals since 1987, with an h index of 140 (see [here](#)). He serves as editor, editorial committee member and reviewer of several major journals. He is adjunct professor at the Department of Internal Medicine, University of New Mexico, Albuquerque, NM, USA, and is member of the Scientific Advisory Board of several major scientific institutions in France, EU, Japan and the US. Since 2016, he is titular member of the French National Academy of Medicine, Officier de la Légion d'Honneur, and was recipient of the Palmes Académiques in 2016. He is the past president of the IAGG (International Association of Gerontology and Geriatrics), an NGO with a seat at the United Nations, and the founder of the EADC (European Alzheimer's Disease Consortium), the CTAD (Clinical Trial in Alzheimer's Disease) conference and the ICFSR (International Conference for Frailty and Sarcopenia Research). He is the chair of the WHO Collaborating Center for Frailty, Clinical Research and Geriatric Training since September 2017. In addition, Bruno Vellas was invited to participate in the Evaluation Committee of WHO's Global Strategy on Ageing and Health 2016–2020. He is also Member of WHO's Advisory Committee for Health Research and Innovation (ACHRI). Lastly, Bruno Vellas is President of the Scientific Committee of the French National "Great Age" Scheme (Plan National "Grand Age") 2019, and Coordinator of the INSPIRE program in the field of Gerosciences.
